

The Bass Stand/Stool

Protect your bass from damage on a dark stage or pit orchestra and provide yourself a comfortable seat!

- 1" thick foam seat
- Exterior-grade, formaldehyde-free, medium density fiberboard
- Interlocking design for maximum rigidity and strength
- Enables even young children to comfortably play the bass
- Playing while seated on the stool helps prevent player-fatigue and minimize injuries from improper technique.
- Music Schools: these stands are less expensive than a standard four-up Bass rack and can be purchased through the general school furniture budget.
- Made in the U.S.A.

Price: \$150
